

YALE-HARVARD AGREEMENT.

Will Decide as to Schedule of Athletic Meets.

NEW ELIGIBILITY RULES.

Will Prevent Men from Entering College for the Sole Purpose of Playing on Football Team.

New York, Dec. 11.—Plans are under way at both Harvard and Yale to come to a mutual agreement during the coming Christmas holidays regarding both a new schedule of athletic meets and a new set of eligibility rules, says a Times dispatch from New Haven, Conn.

From what can be learned in unofficial channels it is proposed to work out a new set of rules that will be identical for both Harvard and Yale, and will limit the candidates for the various "varsity" teams to students who are bona fide candidates for their first college or professional school degree. The result of the present system has been that several athletic teams, notably football, basketball, and tennis, have drawn to a large extent on graduates of western colleges for their star men to the exclusion of undergraduates in their own institutions, and has made it impossible for mature athletes from small colleges to enter into sports where they meet undergraduates on opposing teams from five to ten years their junior. It has likewise brought about several most unpleasant tiffs between Yale and Harvard, and it has brought to the professional schools of both universities a set of men who come for almost the sole purpose of entering athletics.

CANADIAN FOOTBALL TEAM.

Lands in Liverpool—Will Play in Ireland and England.

Liverpool, Dec. 11.—The team of Canadian football players has arrived here on the Allan line steamer Havarian from St. John, N. B., and Halifax, and proceeded to Dublin. They will play several matches in Ireland before playing in England. On their way across the Atlantic the Canadians practiced daily. They are all well and confident of success.

MATTY MATTHEWS WON.

Gives Decision Over Owen Zeigler in Six Rounds.

Savannah, Ga., Dec. 10.—Matty Matthews, former welter-weight champion, has given the decision over Owen Zeigler in the sixth round of what was scheduled to be a 20-round bout. In the second round Zeigler knocked Matthews down and drew blood from his eye. In the sixth Matthews sent Zeigler to the mat with a right to the point of the jaw. Zeigler took the count and got up wild as an infuriated animal, striking right and left. He made a desperate attack on Matthews, but before Zeigler held up his hands, stopped the fight and gave the decision to Matthews.

TO CALL WAR OFF.

National Does Not Care to Fight With American.

New York, Dec. 11.—At today's session of the members of the National league it was decided to send the following communication to President Johnson of the American league, who has been in conference for a few days with his associates here: "At a meeting of the National league and American Association of Professional Baseball clubs held this day at St. Victoria hotel, in this city, the following resolution was unanimously adopted: 'Whereas, it has been stated in the public press that the president of the American league has declared that his organization has been in favor of, and that the National league has been opposed to, the so-called war; therefore, be it

GLASS OF WATER.

Upset Her.

People that don't know about food should never be allowed to feed persons with weak stomachs.

A little over a year ago a young woman who lives in Mercer, Me., had an attack of scarlet fever, and when convalescent was permitted to eat anything she wanted. Indiscriminate feeding soon put her back in bed with severe stomach trouble and inflammation of the kidneys.

"There I stayed," she says, "three months, with my stomach in such condition that I could take only a few teaspoonsful of milk or beef juice at a time. Finally Grape-Nuts was brought to my attention and I asked my doctor if I might eat it. He said, 'yes,' and I commenced at once.

The food did me good from the start and I was soon out of bed and entirely recovered from the stomach trouble. I have gained ten pounds since my recovery and am able to do all household duties, some days sitting down only long enough to eat my meals. I can eat anything that one ought to eat, but usually continue to eat Grape-Nuts at breakfast and supper and like it better every day.

Considering that a year ago I could stand only a short time and that a glass of water seemed 'so heavy,' I am fully satisfied that Grape-Nuts has been everything to me and my return to health is due solely to it.

I have told several friends having stomach or stomach trouble, what Grape-Nuts did for me, and in every case they speak highly of the food." The given by Postum Co., Battle Creek, Mich.

A CAUSE OF HEADACHE

One Very Common Cause, Generally Overlooked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom: derangement of the stomach and liver, heart trouble, kidney disease, lung trouble, eye strain or ill fitting glasses all produce headaches and if we could always locate the organ which is at fault the cure of obdurate headaches would be a much simpler matter. However, for that form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known to be catarrh of the head and throat; when the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver.

At any rate catarrh is the most common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headache. There is at present no treatment for catarrh so convenient and effective as Stuart's Catarrh Tablets, a new internal remedy in tablet form, composed of antiseptics like red gum, blood root which act upon the blood and cause the elimination of the catarrhal poison from the system through the natural channels.

Miss Cora Ainsley, a prominent school teacher in one of our normal schools, speaks of her experience with catarrhal headaches and eulogizes Stuart's Catarrh Tablets as a cure for them. She says: "I suffered daily from severe frontal headache and pain in back of the eyes, at times so intensely as to incapacitate me in my daily duties. I had suffered from catarrh, more or less for years but never thought it was the cause of my headaches, but finally became convinced that such was the case because the headaches were always worse whenever I had a cold or fresh attack of catarrh."

"Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure and after using a few little pill boxes which I procured from my druggist I was surprised and delighted to find that both the catarrh and headache had gone for good."

"Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no cocaine (found in so many catarrh cures) nor any common in cheap cough cures nor any harmful drug. They contain simply the wholesome antiseptics necessary to destroy and drive from the system the germs of catarrhal diseases."

During the day Frank Kramer established a new record for an unpaired flying start half-mile, covering the distance in 54.1 seconds. Later he broke the quarter-mile unpaired record in 24.5 seconds, the previous record made by Major Taylor being 25.4 seconds. Tried to Bribe Player.

Ann Arbor, Mich., Dec. 10.—Martin Heston, the Michigan halfback, declared today that he had been offered \$500 by an Ann Arborite to throw the Minnesota game to the Gophers, the man intending to bet \$2,000 on Minnesota. Heston turned the sneak down, and now, adding to the attempt to bribe him, refused to disclose his name.

Hanlan Whips Haugh.

Oakland, Cal., Dec. 10.—Maxy Haugh was knocked out tonight at the beginning of the fourth round by Eddie Hanlan of San Francisco at the Acme Athletic club. He made a game fight, but his age counted against him, and after three rounds, in which he was severely punished, he was staggered by a left in the wind and a right to the jaw and put to the mat. He tried to rise, but was counted out before he could regain his feet.

Pretty Hard Fight.

Philadelphia, Pa., Dec. 10.—Denver Ed Martin and Bob Armstrong of New York sparred six rounds tonight at the Manhattan Athletic club. The bout was fought from start to finish and both men narrowly escaped a knockout. The bell saved Armstrong in the third and fifth rounds, and Martin was floored six times in the fourth. When the last bell sounded the fighters were extremely groggy and showed every evidence of exhaustion.

COUNTERFEITERS' DEN RAIDED

Gang Engaged in Making False Union Labels.

Chicago, Dec. 11.—In a raid by constables and labor leaders early today it is believed the greatest plant in the country for counterfeiting union cigar labels was discovered, says the Inter-Ocean. The printing establishment of Hiram Meltes was entered and ten counterfeit plates captured from which it is believed all the counterfeit labels in the United States have been printed. One hundred thousand counterfeit labels were also confiscated.

Officers of the Cigar-Makers International union assert that the plates are the only ones in the United States which shipped the counterfeit blue slips; in lots varying from 1,000 to 10,000 to all parts of the United States.

For the past four years George J. Thompson, label secretary of the Cigar Makers International union, has been fighting the counterfeiters. Last night was the fourth consecutive night on which he and constables and members of the union have watched the printing establishment until after midnight. The printing shop by stratagem was entered. Constable Philip Spire and Charles Rueschell arrested Meltes before he realized the meaning of the sudden rush. So great was the shock that he fainted.

A. A. Akert, president of the cigar makers union, and William Magruder, former president of New Jersey state federation of labor, were the other

A STRANGE DEATH.

One Man Was Conductor for Electricity that Killed Another.

Livermore, Cal., Dec. 10.—There was an extraordinary accident near here tonight, in which one man lost his life and another was seriously hurt. Michael Toohy and L. M. McKamish, linemen in the employ of the Standard Electric company, were out inspecting wires and stepped into a telephone booth on the road to telephone to another point. McKamish was using the telephone and stood on the flooring of the booth. Toohy stood outside of the little structure, his feet resting on the ground, made damp by a recent shower. Toohy, in a friendly fashion, placed his hands on the shoulders of his comrade while the latter was talking. Suddenly McKamish was stricken down, stunned, and when he recovered consciousness he found Toohy lying dead at the door of the booth.

An explanation of the death is given by the fact that the power wires and the telephone wire are strung on the same poles. It is believed that a strong current was passing in the telephone wire, went through McKamish and centered his force on Toohy, whose feet, touching the wet ground, completed the circuit. Toohy was 25 years old. McKamish will recover.

A TRAMP'S AWFUL DEED.

Hacks a Man and Wife and Young Boy With a Hatchet.

Motive for His Assault Was Robbery—But He First Asked for Charity.

Salinas, Cal., Dec. 10.—Simeon Graves a prominent farmer, and his wife, together with George Allen, a 14-year-old boy, whose home is in San Francisco, and George Albright, a farm hand, were brutally assaulted by a tramp last Monday night. George Allen and Albright will die. The physicians say that there is but little hope for the recovery of Mrs. Graves, and that the condition of Mr. Graves is very serious.

On Monday evening the tramp appeared at Mr. Graves' door and asked for a drink of water and food and for permission to stop in the barn. Graves sent young Allen with him to the barn. The boy carried the light. When outside, the tramp grasped his arm, took the light from him and threw him down, after which he securely bound and gagged him with ropes which he had at hand. Arming himself with a hatchet the tramp went to the barn and attacked Albright, fracturing his skull. The tramp then returned to the boy he had bound and inflicted wounds with the hatchet.

On returning to the house the tramp attacked Graves, who was armed with a 32-caliber revolver, which he fired twice at the tramp, missing him both times. The tramp wrenched the pistol from Graves and fired one shot into his breast. When Graves fell to the floor the tramp bound him and struck him two heavy blows on the head with the hatchet, rendering him unconscious.

Mrs. Graves, in another room of the house, heard the shots and came to the rescue of her husband. The tramp fell her with a blow from his hatchet and beat her into unconsciousness. Then the would-be murderer ransacked the house, emptying every drawer, evidently in the hope of finding a considerable sum. He secured \$11 and fled, at the same time taking a shotgun, which he afterwards threw away at side of the road.

The injured persons were not discovered until noon today.

LOOKS BAD FOR BASEBALL IN 1903

Unfortunate Split in Pacific Northwest League—Two Teams Quit.

CHANCE FOR UTAH CITIES.

Northern League Magnates May be Anxious for Salt Lake and Ogden To Join Now.

The following dispatch indicates that there is a serious rupture in the Pacific Northwest league just now:

Portland, Ore., Dec. 10.—It was decided today by Portland and Seattle to join with San Francisco, Los Angeles, Oakland and Sacramento in the formation of a Pacific coast baseball league.

The Portland club, which will be in the Pacific coast league, has secured a lease on the grand stand and grounds used last season in this city and the Seattle promoters of the new club have leased new ground.

The announcement that Portland and Seattle intended to quit the league and join hands with the California Coast league has caused a great shaking up in western baseball circles and from the way it is viewed by some it will eventually mean the destruction of the Pacific Northwest organization. It has smashed up the plans laid to increase the league to an eight-club affair and it is now up to Lucas and McCloskey and the rest of them to get together and do something and do it pretty quick.

It is more than likely, now that the two important teams have drawn out, that the Pacific Northwest people will get up a serious flirtation with Salt Lake and Ogden. The league will hold a meeting next month and something of this nature may be looked for.

Three of the horses were afflicted with the disease and had to be killed.

The Only Way To Cure Chronic Stomach Trouble

is to cure the Cause. You can relieve it by taking Peppin, Soda or the many Dyspepsia Tablets, but they will not cure. It is absolutely necessary to cure the inner lining of the stomach, and that is what

Nau's Dyspepsia Cure

will do.

Salt Lake City, Utah, Oct. 11th, 1902.

Mr. Frank Nau, New York City:

Dear Sir—I have been troubled with Stomach trouble for a number of years, and have had the pleasure of giving your remedy a trial, and am convinced that it will prove beneficial to every case where one is suffering from trouble of the stomach. I highly recommend it, having received great benefit myself from the use of your remedy. Respectfully,
